

# He Brought Me

Dorinda Clark-Cole

Verse 1:

I've been through a storm  
I've been through the rain  
I've experienced hurt and  
I've experience pain

But he was always there  
No matter what the snare...

Chorus:

If He brought me this far  
He'll take me all the way

Verse 2:

The economies still down  
The enemies tryin' to run me down  
I got my faith in you  
I know your word is true

Said you will never leave me  
You'll always be right there...

(Chorus)

Bridge:

Choir: All the way

I had to cry some times  
You wiped the tears  
From my eyes you brought me

Choir: All the way

I put my trust in you  
You know just what to do  
You brought me

Choir: All the way

When I wanted to scream about  
Everything you brought me

Choir: All the way

I want to praise you Lord  
I'm gonna get my reward

(Chorus)

Vamp:

He brought me
